

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions and listings of claims in the application:

Listing of Claims:

1. (Currently Amended) A steering wheel comprising a hub, a steering wheel rim and at least one spoke connecting said hub and said steering wheel rim, at least one of said steering wheel rim and said spoke having a skeleton and a sheathing surrounding said skeleton, said steering wheel further comprising at least one decorative element and at least one clamp element at which said decorative element is latched, said clamp element at least partly encompassing a radial outer surface of said sheathing,
said clamp element having a first latching element,
said decorative element having a second latching element
formed in one piece with said decorative element, said first
and second latching elements establishing a latching
connection between said clamp element and said decorative
element.

2. (Original) The steering wheel as claimed in claim 1, wherein said sheathing has at least one recess for accommodating said clamp element.

3. (Canceled)

4. (Original) The steering wheel as claimed in claim 1, wherein said clamp element has portions which are directly supported by said skeleton.

5.-7. (Cancelled)

8. (Original) The steering wheel as claimed in claim 1, wherein said clamp element is clipped to said sheathing.

9. (Original) The steering wheel as claimed in claim 1, wherein said clamp does not protrude into said sheathing.

10. (Original) The steering wheel as claimed in claim 1, wherein said sheathing is one of a foam casing and an injection-molded casing.

11. (New) A steering wheel comprising a hub, a steering wheel rim and at least one spoke connecting said hub and said steering wheel rim, at least one of said steering wheel rim and said spoke having a skeleton and a sheathing surrounding said skeleton, said steering wheel further comprising at least one decorative element and at least one clamp element which latches said decorative element to said steering wheel, said clamp element engaging and at least partly extending around a radial outer surface of said

Serial No. 10/606,824

sheathing, said clamp element also extending around said skeleton.
